Communicating with Cues—John Lyons 1998

Communicating with Cues—John Lyons 1991

John Lyon's the Making of a Perfect Horse—John J. Lyons 1998

John Lyons' Troubleshooting—John Lyons 2006. In this outstanding guide to anticipating and managing horse behavioral and training issues, "America's Most Trusted Horseman"—renowned trainer and clinician John Lyons—teaches readers how to "troubleshoot" common problems such as spooking, running away, rearing, kicking, head-shyness, backing at water, refusing to load, and more. Lyons explains why horses are prone to certain reactions and then demonstrates how his methods can help prevent a minor miscommunication between horse and rider from escalating into a frustating—and often dangerous—battle of wills. Each piece of the training process is accompanied by a clear, explanatory photo, and step by pictorial step, readers will find themselves closer to better, more understanding relationships with their horses.

Lyons on Horses—John Lyons 2009-11 "A must-have for first time horse owners and veterans."—Library Journal

Dressage in the Fourth Dimension—Sherry Ackerman 2010-09-07 Dressage is often seen as the most formal and controlled of the equine sports, following an ancient, standardized training progression. For philosopher and dressage instructor Dr. Sherry Ackerman, dressage is much more. It — along with riding in general — can be a transformational art and an avenue for reflection, exploration, and self-knowledge through which a rider can experience liberation from the individual, egoistic self. This second, revised edition of Dressage in the Fourth Dimension is a pioneer work in awakening "dressage consciousness." Drawing on such diverse sources as sacred geometry, ancient Western and Eastern philosophies, and esoteric spirituality, Ackerman seeks to heal humanity's alienation from nature through riding. She points us toward the liberation from societal conditioning and normative thinking, and, ultimately, from our own egos. Her concept of the fourth dimension requires us to leave the analytic, objective mind behind and enter into the mystery of inspiration. A short, unique, thought-provoking work that has enjoyed a word-of-mouth reputation among horse people for years, Dressage in the Fourth Dimension will challenge riders' assumptions about their horses and themselves.

The Art of Liberty Training for Horses—Jonathan Field 2020-01-20 Horse trainer Jonathan Field has made a name for himself with his unique ability to give people simple, understandable, double steps that lead to working with a horse "at liberty" in a safe and progressive manner. True engagement with a horse at liberty isn't just about removing tack and stepping outside the arena—it's about connection, trust, and communication through movement. Enrich your relationship with your horse, improve your "feel," and teach your horse to respond to the subtleties of cues; no matter your discipline, whether you compete or ride for pleasure, liberty training can change the way you interact with horses forever.

Horse Listening—Kathy Farrrokhzad 2014-03 Do you wish your horseback riding lessons could come with a user manual? Do you feel that you could serve your horses better as a rider if you only knew how and what to do? Would you like to be the rider that all horses dream of? "Horse Listening: The Book" focuses specifically on riding as a means of improving the horse. Based on the popular blog, HorseListening.com, the exercises and ideas are purposely handpicked to help you develop your path to becoming an effective rider, not only for your own benefit, but also for your horse's long-term well being. Special "In the Ring" sections give specific suggestions to try while riding. By following these simple, useful exercises, you will be able to develop a better understanding about: - the rider's aids - the use of the seat - the half-halt - accurate turns and circles - transitions - hind end engagement - rein lameness

Horseback Riding For Dummies—Audrey Pavia 2011-02-14 You've always dreamed of riding horses. So what are you waiting for? It's time you realized your equestrian dreams and learned to ride like a pro on the back of a noble steed. And Horseback Riding For Dummies shows you how. Don't know a horse's head from its tail, a trot from a canter, withers from a fetlock? No problem. Coauthored by a medal-winning equestrian and nationally respected equestrian trainer, it tells you what you need to know about that elegant animal, body and soul, to become an accomplished rider. And it trains you in all the technical basics of riding for fun or competition, including how to: Find a good stable and instructor Select riding gear Warm up and keep riding muscles fit Establish a rapport with a horse Cue or A Horse's Attention, Why a Snaffle Bit, Trailer Loading 101, Trailer Dilemmas. Section I: Round Pen Principles Section II: Riding Problems Solved Section III: Trailer Loading Problems Solved Section IV: Putting Theory into Practice

40 Fundamentals of English Riding—Hollie H. McNeil 2011-01-01 "90-minute DVD, all 40 fundamentals fully demonstrated with narration by the author"—Sticker on dust jacket.

Horse Speak: An Equine-Human Translation Guide—Sharon Wilisie 2016-11-29 Horse Speak is not a training method or technique—it is a practical system for "listening" and "talking" to horses in their language, instead of expecting them to comprehend ours. Horse Speak can be used by anyone who works with horses, whether riding instructor, colt starter, recreational rider, or avid competitor. It promises improved understanding of what a horse is telling you, and provides simple replies you can use to tell him that you "hear" him, you "get it," and you have ideas you want to share with him, too. The result? Time with your horse will be full of what horse trainer and equine-assisted learning instructor Sharon Wilisie of Wilisie Way Horsemanship calls Conversations, and soon the all-too-common misunderstandings that occur between horse and human will evolve into civil discussions with positive and progressive results! Learn Horse Speak in 12 easy steps; understand equine communication via breath and body language; and discover the Four Gs of Horse Speak: Greeting, Going...
Happy Horsemanship—Dorothy Piach 1998-12-21 Presents information about horses and how to care for them, as well as the basics of riding—told from the horse’s point of view.

Human-Animal Relationships in Equestrian Sport and Leisure—Katherine Dashper 2016-10-04 Riding, training and caring for horses are visceral experiences for those who participate in the equestrian world. This book has been written to help readers gain an in-depth understanding of the relationships between horse and rider, and to consider the implications of these relationships.

RIDE SMARTER: ON THE NEXT LEVEL OF HO—Craig Cameron 2013-10-15 Since 2004, when Craig Cameron's book Ride Smart was printed, the clinician's popularity has only grown. With his 10th championship at the prestigious Road to the Horse, he gained even more followers to his easy-going teaching style, beloved by his students, is now found in this follow-up to his popular first book. In RIDE SMARTER, readers learn to further develop their horsemanship skills and continue on the road to becoming true horsemanship and -women. Cameron continues to build on some of the topics covered in his first volume, and adds valuable information that riders need to know.

The Bit and the Reins—Gerhard Kapitzke 2004 Renowned horseman Gerhard Kapitzke clarifies how establishing an independent seat and the use of cues and how important they are. He also discusses the fine art of correction, and helps readers understand when discipline is necessary, and how to achieve it.

The Original Horse Bible, 2nd Edition—Moira C. Reed 2021-10-19 The most comprehensive single volume dedicated to horses. The Original Horse Bible, 2nd Edition is a celebration of the long relationship that humans and horses enjoy, written by two highly regarded horsewomen, the late Moira C. Allen and Sharon Biggs. Covering an array of topics that span the world of horses, including evolution, domestication, horseback riding, training, competing, breeding, and so much more, this book provides the information needed to ride with the horse's brain. Each principle is applied to real everyday issues in the arena or on the trail, often illustrated with true stories from the author’s horse training experience. Horse Brain, Human Brain offers revolutionary ideas that should be considered by anyone who works with horses.

From the Ground Up...Foundation Training, Ground Control Exercises, Fundamental Riding Skills—Kenny Harlow 2009-10 Whether you want to safely start an un-broke or perfect the horse you already have, you can do it by starting... From The Ground Up! Here you will find Kenny Harlow's proven techniques to identify and correct problem areas in your horse's training foundation. If you've always wanted a horse that will work with you as a willing partner, this step-by-step training guide is for you. Start a new relationship with your horse today... From The Ground Up!

Riding for the Team—United States Equestrian Team Foundation 2020-08-04 A dazzling, behind-the-scenes look at the incredible equestrian athletes and horses who compete and win for the USA. From playing with plastic ponies and taking their first riding lessons, to finding success in the arena, thousands of horse lovers hope you can one day represent the United States in international competition. Riding for the Team chronicles the lives of those who dream about competing for their country and "made it," sharing inspirational stories from the international governing organization’s eight equestrian disciplines: show jumping dressage driving vaulting reining endurance para-dressage Riders are immersed in the fascinating histories of the medal-winning riders, drivers, and vaulters who have dominated American equestrian sport over the past 28 years, such as: McLain Ward Karen O'Connor Debbie McDonald Tim McQuay Get the inside scoop on legendary horses who have become household names, including: Flexible Biko Verdades Gunners Special Nite Offering exclusive insights, Riding for the Team gives readers a behind-the-scenes look at the world of top-level equestrian sport. Athletes tell their stories and those of
their horses during the years they honed their talent and dedicated their lives to representing the country in the Olympics, World Equestrian Games, World Championship Games, and Pan American Games. Believing in the ability to illustrate with breathtaking photographs from prestigious competitions held around the world, Riding for the Team not only provides a dazzling record of American equestrian accomplishment, it promises to inspire the next generation of champions.

Getting to Yes—Sharon Foley 2007 Clicker training is an increasingly popular topic in the equestrian community. This innovative, fun, and effective training method uses no-force, positive techniques that are extremely appealing to both horse and rider. Getting to Yes is the most complete book available on this subject, and it holds the best value within its price category. This expertly written book contains detailed guidelines for goal setting and lesson plans that show you how to use clicker training to teach your horse basic manners as well as improving advanced riding and dressage skills. It also combines principles from clicker training with traditional horsemanship and classical dressage to improve handling and performance. Step-by-step clicker training basics are presented in easy-to-follow lessons with numerous instructional photographs that will benefit both the novice and more advanced rider in enhancing practical skills, timing, ground manners, and riding. Training and handling problems are broken down into hands-on, trainable exercises to correct behavior and riding issues with lasting results. For an in-depth look at this exciting and modern horse training method, Getting to Yes is an indispensable tool to help guide you to improved horsemanship through better and more effective communication with your equine companion.

Horse, Follow Closely—Gawani Pony Boy 2012-07-24 The bible of North American Horsemanship, Horse, Follow Closely is GaWaNi Pony Boy’s signature title about the relationship training methods that are steeped in common sense and the age-old wisdom of his Native American ancestors. Of mixed blood Tsą-lí, GaWaNi Pony Boy was able to conceive his philosophy and compile the methods of relationship training while touring the United States with a Native American drum and concert. With the Tribal Elders from many different nations and backgrounds, the methods and beliefs of relationship training come directly from the first great horsemen of North America. “Horse and rider are one. Theirs is a relationship of trust, harmony, and respect born of a way of life that is all but lost.” The stunning full-color photographs by Gabrielle Boiselle capture Pony Boy’s serene bond with his close horse companions. The author’s simple eloquence forges a deep, profound relationship with his readers that few books ever hope to achieve. As Pony Boy writes in the introduction, “For many [the Native American horseman] represents the ultimate rider. The essence of a horseman, both his skill and intuition, goes beyond the hours he spends in the saddle; the folklore of every Native tribe are stories, tales, and beliefs to exemplify human’s relations to other animals.” The book begins with an analysis of how horses came to live with the Natives of North America and horses’ impact on Native life. The crux of relationship training, according to the author, is to understand “what it means to be a horse, react like a horse, and relate to other things like a horse.” Native Americans were able to create such strong relationship with horses in a short time because they understood that “a horse is a horse.” Learning to balance the relationship between horse and human is the missing link to becoming a masterful horseman or horsewoman. The book describes not only the techniques involved for relationship training but also the belief system and attitude that must be applied to all methods of horsemanship. In addition to presenting the methods and philosophy of relationship training, Horse, Follow Closely also includes many stories and legends of Native Americans and their horses, all of which teach the reader something new about himself and his relationship with his horse.

101 Western Dressage Exercises for Horse & Rider—Jec Aristotle Ballou 2014-08-09 This series of Western Dressage exercises are designed to improve suppleness, balance in movement, and responsiveness. Each exercise has a specific goal in mind, and they are organized by different areas of focus: softness, looseness, rider development, engagement, adjustability, and ground work. With illustrated step-by-step instructions and full arena diagrams, you’ll quickly be on your way to mastering this exciting discipline.

Quiet Riding—Don Marshall 2011-08-11 The ideal of good riding is to make whatever horse you ride look better without directing him in ways obvious to the casual observer. Quiet Riding was written to help its readers along the journey toward this goal. Most of the concepts presented in this volume have been used by knowledgeable horsemen for hundreds of years. Often, however, these concepts have been eclipsed by methods used by less knowledgeable or less caring practitioners. It is this author’s wish that all riders may one day approach riding with the desire to ride in such a way that their horses do what they ask— not because they are afraid not to, but - because they actually want to.

Balanced Horse—Sylvia Loch 2013 This book is about developing that “perfect understanding”. The aim of The Balanced Horse is to confirm in people’s minds what they should be doing for each request, and what they must avoid.

Companion Animal Care and Welfare—James Yeates 2019-02-04 Companion Animal Care and Welfare: The UFAW Companion Animal Handbook provides an introduction to companion animal welfare science and highlights the importance of developing evidence-based guidelines for all parties seeking information about the proper care of companion animals. Identifies the needs of companion animals, explains how we know these needs, and gives scientifically-backed advice on how to meet these needs. Promotes the most humane treatment and best possible care of our companion animals. Addresses controversial issues such as selective breeding, companion animal showing, the keeping of exotic species, and the international pet trade. Covers the husbandry and care of all major companion animal species, including mammals, birds, fish, reptiles and amphibians.

The Elements of Horse Spirit—Debra DeAngelo 2020-06-08 Develop a Deep, Magical Bond with Humanity’s Oldest Spirit Ally Harness the amazing spiritual power of horses with this brilliant book on bridging the physical world of horses with the metaphysical realm of Horse Spirit. You’ll enhance your life by connecting to equine energy and forging a powerful bond with actual horses and spirit guides. Explore the myths and history of horses as well as the long-lived symbiotic relationship humans have with them. Discover practical horsemanship abilities and advice, techniques for working with the four elements, and hands-on exercises to strengthen your energetic connection to horses. This groundbreaking book also helps you choose the best horse for you, both physically and spiritually, and live in harmony with your horse using your intuition. This best-selling book holds the research-based insights, Debra DeAngelo reveals the incredible ways in which horses heal, ground, and teach you to be better in everything you do.

Barrel Racing with Tina Spangler—TLC BARRELS 2020-06-06 Ride with Heart is TLC Barrel Horse Training Motto, it means to give your all, to develop a horse with want to, to try and to always put the horse’s well being before the competition! Hard Ride

A.M. Arthur 2020-02-17 Five Weddings and a Fake Boyfriend

City slicker Derrick Massey has always had a thing for cowboys. So a roll in the hay with Kendall "Slater" Stamos during a rustic weekend wedding is more than A-OK. But when Slater's forced to hang up his saddle for the season, Derrick surprises even himself with his proposition: be my fake boyfriend and get my family off my back about finding a permanent partner.

Though unexpected, the arrangement is a win-win. Derrick gets a plus-one for a slew of summer weddings and Slater gets a place to stay while he recovers…with lots of casual fun in between. Which is just how the sexy cowboy likes it: casual. Yet it's obvious the chemistry between them is anything but. With the countdown to their "breakup" on, the more time the two men spend together. And the more it becomes clear that what they have could be real, if only they let it be. This book is approximately 83,000 words One-click with confidence. This title is part of the Carina Press Romance Promise: all the romance you're looking for with an HEA/HFN. It's a promise!

Trick Training Your Horse to Success

Jan Sharp 2004 A world champion trainer shares her secrets for developing a well-behaved, responsive horse.
