The Rise of Andrew Jackson-David S. Heidler 2018-10-23 The story of Andrew Jackson's improbable ascent to the White House, centered on the handlers and propagandists who made it

possible Andrew Jackson was volatile and prone to violence, and well into his forties his sole claim on the public's affections derived from his victory in a thirty-minute battle at New Orleans in early 1815. Yet those in his immediate circle believed he was a great man who should be president of the United States. Jackson's election in 1828 is usually viewed as a result of the expansion of democracy. Historians David and Jeanne Heidler argue that he actually owed his victory to his closest supporters, who wrote hagiographies of him, founded newspapers to savage his enemies, and built a political network that was always on message. In transforming a difficult man into a paragon of republican virtue, the Jacksonites exploded the old order and created a mode of electioneering that has been mimicked ever since. !--[endif]--

Andrew Jackson and the Bank War-Robert V. Remini 1967

Andrew Jackson-H. W. Brands 2006-10-10
National Bestseller In this, the first major single-volume biography of Andrew Jackson in decades, H.W. Brands reshapes our understanding of this fascinating man, and of the Age of Democracy that he ushered in. An orphan at a young age and without formal education or the family lineage of the Founding Fathers, Jackson showed that the presidency was not the exclusive province of the wealthy and the well-born but could truly be held by a man of the people. On a majestic, sweeping scale Brands re-creates Jackson's rise from his hardscrabble roots to his days as frontier lawyer, then on to his heroic victory in the Battle of New Orleans, and finally to the White House. Capturing Jackson's outsized life and deep impact on American history, Brands also explores his controversial actions, from his unapologetic

expansionism to the disgraceful Trail of Tears. This is a thrilling portrait, in full, of the president who defined American democracy.

Life and Public Services of Gen. Andrew Jackson-John Stilwell Jenkins 1850

Jacksonland-Steve Inskeep 2016-05 "Five decades after the Revolutionary War, the United States approached a constitutional crisis. At its center stood two former military comrades locked in a struggle that tested the boundaries of our fledgling democracy. One man we recognize: Andrew Jackson -- war hero, populist, and exemplar of the expanding South -- whose first major initiative as President instigated the massive expulsion of Native Americans known as the Trail of Tears. The other is a half-forgotten figure: John Ross -- a mixed-race Cherokee politician and diplomat -- who used the United States' own legal system and democratic ideals to oppose Jackson. Representing one of the Five Civilized Tribes who had adopted the ways of white settlers -- cultivating farms, publishing a newspaper in their own language, and sending children to school -- Ross championed the tribes' cause all the way to the Supreme Court. He gained allies like Senator Henry Clay, Chief Justice John Marshall, and even Davy Crockett. In a fight that seems at once distant and familiar, Ross and his allies made their case in the media, committed civil disobedience, and benefited from the first mass political action by American women. At stake in this struggle was the land of the Five Civilized Tribes. Jacksonland reveals how Jackson, as a general, extracted immense wealth from his own armies' conquest of native lands. Later, as president, Jackson set in motion the seizure of tens of millions of acres in today's Deep South. This is the story of America at a moment of transition, when the fate of states and nations was decided by the actions of two opposed men."--Jacket.

Andrew Jackson-Robert Vincent Remini 1991 In the tradition (and unified format) of previous entries in this fine series, this bibliography of the seventh president (1829-1837) itemizes and annotates primary resources including government documents and manuscript collections, monographs, articles, chapters and essays, and dissertations and theses. It also includes a most useful 11-page chronology of

events in the life of Jackson (1767-1845), as well as detailed author and subject indexes.

Women in the Life of Andrew Jackson-Ludwig M. Deppisch, M.D. 2021-05-19 Andrew Jackson is one of the most significant and controversial United States Presidents. This book follows Jackson's life and death through the lives of six women who influenced both his politics and his persona. His mother, Elizabeth Hutchinson Jackson, introduced him to their Scots-Irish

heritage. Jackson's wife, Rachel Donelson Jackson provided emotional support and a stable household throughout her life. Emily Donelson, his niece, was the White House hostess for most of his presidency and was one of the few women to stand up to Jackson's overbearing nature. She, along with Rachel Jackson and Mary Eaton (the wife of Jackson's Secretary of War) was also involved in the Petticoat Affair, a historic scandal that consumed the early Jackson administration. His daughter-in-law, Sarah Yorke Jackson, and niece, Mary Eastin Polk, supported Jackson in his retirement and buttressed his political legacy. These six women helped to mold, support, and temper the figure of Andrew Jackson we know today.

American Public Opinion of Andrew Jackson's Indian Policy, 1828- 1835-Marie Patricia Mahoney 1935*

Andrew Jackson and the Miracle of New Orleans-Brian Kilmeade 2019-10-29 Another history pageturner from the authors of the #1 bestsellers *George Washington's Secret Six* and *Thomas Jefferson and the Tripoli Pirates*. The War of 1812 saw America threatened on every side. Encouraged by the British, Indian tribes attacked settlers in the West, while the Royal Navy terrorized the coasts. By mid-1814, President James Madison's generals had lost control of the war in the North, losing battles in Canada. Then British troops set the White House ablaze, and a feeling of hopelessness spread across the country. Into this dire situation stepped Major General Andrew Jackson. A native of Tennessee who had witnessed the horrors of the Revolutionary War and Indian attacks, he was glad America had finally decided to confront repeated British aggression. But he feared that

President Madison's men were overlooking the most important target of all: New Orleans. If the British conquered New Orleans, they would control the mouth of the Mississippi River, cutting Americans off from that essential trade route and threatening the previous decade's Louisiana Purchase. The new nation's dreams of western expansion would be crushed before they really got off the ground. So Jackson had to convince President Madison and his War Department to take him seriously, even though he wasn't one of the Virginians and New Englanders who dominated the government. He had to assemble a coalition of frontier militiamen, French-speaking Louisianans, Cherokee and Choctaw Indians, freed slaves, and even some pirates. And he had to defeat the most powerful military force in the world--in the confusing terrain of the Louisiana bayous. In short, Jackson needed a miracle. The local Ursuline nuns set to work praying for his outnumbered troops. And so the Americans, driven by patriotism and protected by prayer, began the battle that would shape our young nation's destiny. As they did in their two previous bestsellers, Kilmeade and Yaeger make history come alive with a riveting true story that will keep you turning the pages. You'll finish with a new understanding of one of our greatest generals and a renewed appreciation for the brave men who fought so that America could one day stretch "from sea to shining sea."
